

# Hours and Minutes

Timing is everything in football so we are challenging you to show off your maths skills and answer these six questions all about time!

1. The match kicks off at 3pm and the first half lasts for 48 minutes. What time will the half-time whistle blow?

2. John Johnston scores a goal after two minutes and 12 seconds. How many seconds is this in total?

3. Dec Weeks plays 90 minutes in one game, 75 in the next and 18 in a third game. What is his total playing time in hours and minutes?

4. Chester score in the 11th minute of the game but Southport equalise on 83 minutes. How many minutes are there between goals?

5. George Waring comes on as a substitute after 55 minutes and scores 18 minutes later. What time did he score in hours and minutes?

6. A match lasts 90 minutes with a 15 minute half-time break and two minutes added time. If it starts at 3pm, what times does it finish?

Answers: 1. 3.48pm 2. 132 seconds 3. 3 hours and 3 minutes 4. 72 minutes 5. 1 hour and 13 minutes 6. 4.47pm
